Print length : 716 pages

ICICT 2024 will provide a forum for researchers, practitioners, and industry leaders to share their latest research findings and developments in the field of intelligent computing and information technology.

The conference will feature keynote speeches, invited talks, paper presentations, and poster sessions. Topics of interest include:

- Artificial intelligence

- Machine learning
- Data mining
- Big data
- Cloud computing
- Internet of things
- Cybersecurity
- Information retrieval
- Natural language processing
- Computer vision

ICICT 2024 is a leading international conference in the field of intelligent computing and information technology. The conference will provide a unique opportunity for researchers, practitioners, and industry leaders to share their latest research findings and developments, and to network with each other.

Important Dates

- **Paper submission deadline:** March 15, 2024
- **Notification of acceptance:** May 15, 2024
- **Camera-ready paper submission deadline:** June 15, 2024
- **Conference dates:** August 20-22, 2024

Submission Guidelines

Authors are invited to submit original research papers that have not been published or submitted elsewhere. Papers should be formatted according to the IEEE conference template.

Papers should be submitted electronically through the conference website.

Conference Proceedings

All accepted papers will be published in the conference proceedings, which will be published by Springer in the Lecture Notes in Computer Science (LNCS) series.

Contact Information

For more information, please contact the conference organizers at icict2024@ieee.org.
